Demonstration of Proposed Features

This tracker maps the proposed features to the current project implementation. “Implemented” refers to the described project artifacts; “Demonstrated” should be changed to Yes only after the feature is shown in the final demo recording.

S.No	Feature Name	Description	Status (Implemented / Partial / Pending)	Demonstrated (Yes / No)	Remarks
1	Dataset inspection	CSV dataset with date, country, region, income level, subsidy, fuel prices, Brent crude and tax fields.	Implemented	No — pending demo recording	Show the dataset structure and explain validation checks.
2	Country-level petrol comparison	Average petrol price comparison by country.	Implemented	No — pending demo recording	Open the relevant Tableau worksheet/dashboard view.
3	Fuel-price trends	Time-based trend views for global fuel prices and fuel types.	Implemented	No — pending demo recording	Explain the date range and axes.
4	Tax and subsidy analysis	Views comparing tax percentage and subsidy levels with fuel prices.	Implemented	No — pending demo recording	Describe patterns without claiming causation.
5	Brent crude and segmentation	Brent crude trend and comparisons by region/income level.	Implemented	No — pending demo recording	Show available views and explain their context.
6	Published dashboard, Story and website	Tableau Public dashboard and Story, supported by a Flask/Bootstrap website.	Implemented	No — pending demo recording	Open both published links and the website.

Feature Implementation Summary

Metric	Current report entry
Total features proposed	6 listed in this tracker
Total features implemented	6 described as implemented; confirm against current live files
Total features demonstrated	0 confirmed here; update after recording the demonstration
Overall implementation rate	100% based on listed implementation status only; verify each feature before final submission

Important: The demonstration count is intentionally not marked complete because no demo video was supplied in this chat. Update the “Demonstrated” column after recording.
